SUMMARY

Electronics and Communication Engineering graduate with foundational skills in Java, Spring Boot, REST APIs, React.js, and MySQL. Experienced in developing web applications with frontend-backend integration, database connectivity, and authentication. Eager to contribute to software development teams while continuously enhancing technical expertise.

TECHNICAL SKILLS

- **Languages:** Java, Python
- **Front-End:** HTML5, CSS3, JavaScript, React.js
- **Back-End:** Java (Servlets, JSP), JDBC, REST APIs
- **Frameworks:** Spring Core, Spring MVC, Spring Security, Hibernate
- **Authentication:** JWT (JSON Web Token)
- **Database:** MySQL
- **Tools:** Git, GitHub, VS Code, Postman, Eclipse

PROJECTS & EXPERIENCE

Todo Management System *October 2026*

- Developed a full-stack Todo application using Java, Spring Boot, Spring Security, MySQL, HTML, CSS, and JavaScript. Implemented user registration and login with JWT-based authentication and protected REST API endpoints. Integrated the frontend with backend APIs using JavaScript Fetch and used MySQL for data persistence.

  GitHub: Todo Management System

Food Delivery Web Application *January 2026*

- Built a Java-based web application using JSP, Servlets, JDBC, and MySQL with MVC architecture. Implemented user authentication, restaurant browsing, cart management, and order processing. Integrated MySQL database using JDBC and ensured secure session handling and input validation.

  GitHub: Food Delivery Web Application

TechStore– Modern React E-Commerce Application *January 2026*

- Developed a responsive production-style e-commerce application using React.js with reusable components, dynamic product features, and persistent state management via Hooks and LocalStorage to deliver a seamless user experience.

  GitHub: TechStore– Modern React E-Commerce Application

Intern at Retech Solution,Chennai. *July 2024*

- Completed a one-month internship at Retech Solution, where I developed the frontend of a web-based doctor appointment system, enabling patients to book appointments online efficiently.

  GitHub: Doctor Appointment System Web Application

EDUCATION

Government College Of Engineering, Thanjavur *Nov 2021 – May 2025*

B.E Electronics and Communication Engineering | **CGPA:8.2/10**

Kamala Subramaniam Matric Hr Sec School, Thanjavur *June 2020 – April 2021*

HSC: ***92.33%***

Kamala Subramaniam Matric Hr Sec School, Thanjavur *June 2018 – March 2019*

SSLC: ***91.2%***

CERTIFICATIONS

- Outstanding achievement certificate for exceptional academic performance.
- AWS Academy Cloud Architecting Certificate.
- GUVI Certification in First Saas Application.
- NPTEL Certificate in Programming,Data structure and Algorithm using Python.
